1. Aims

Vision

Milton School is committed to meeting the needs of all pupils with special educational needs and disabilities (SEND).

We firmly believe that all children and young people with special educational needs are entitled to an education which enables them to:-

- Achieve the best possible outcomes
- Make a successful transition through each stage of their lives
- Become confident individuals living fulfilling lives
- Prepare them for adulthood and post 16

Identification and assessment of Pupils with SEN

All pupils in Milton School have an Education Health Care Plan (EHCP)

Information is gathered from the pupils previous setting prior to the admission meeting.

Consults are completed after school and home visits by SLT to ensure Milton is the right setting for individual children and young people.

Upon admission, attainment levels are assessed to ensure pupils are working where they should be. Personal Target Trackers are put in place to track their EHCP targets which are assessed termly.

Where necessary, pupils have an individual risk assessment and positive management plan.

Teachers are actively encouraged to raise concerns in relation to pupil progress towards identified targets in the EHCP or presenting behaviours with the SENCO in a timely manner. This supports the continued identification of SEN need within the setting. EHCP Targets are tracked throughout the year and broken down into smaller, achievable steps.

All Teaching and Support staff receive regular training

Provision for pupils with SEN

The policies outlined in this section apply to all Pupils with SEN.

The school closely monitors the progress of all pupils with special educational needs.

All pupils in Milton School are on the SEN register. The effectiveness of the provision for these pupils is evaluated to ensure they make adequate progress. This is reviewed half termly with class teacher against their targets, SENCO and with the pupils themselves.

2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

[Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities

[The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report

This policy was developed through discussions with the SENCO, the senior leadership team and with the academy. It is the responsibility of the Head Teacher and the SENCO to ensure that this policy is reviewed and amended at the start of every academic year, but it is amended throughout the year if significant changes arise.

Paper copies of the policy are available for staff, parents/carers and external agencies on request. The policy is also available on the school website.

This policy also complies with our funding agreement and articles of association.

3. Definitions

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

A significantly greater difficulty in learning than the majority of others of the same age, or

A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is an educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.
